# cab EOS series label printers

Exceptional ease-of-use.

The key feature of the new EOS is that it is the first label printer to be fitted with a touchscreen as standard. This makes it easy to call up existing labels, add data and print them off – all without being connected to a PC. Complete labels can be saved to a USB memory stick or the internal memory of the EOS printer.

EOS1 and EOS4 differ in terms of their size. The larger EOS4 can accommodate label rolls up to 8" in diameter. All labels are centered automatically in the printer. Both units are available with 200 or 300 dpi resolution. What's more, wear parts can be replaced in a matter of seconds – usually without the need for any tools.

The printers will be delivered with the windows driver and the full version of the label software cablabel R2+.

SPECS

Printhead

Printing method	Thermal transfer / Thermal direct	
Print resolution dpi	203	300
Print width up to mm	108	105.7
Print speed mm / s	30, 40, 50, 75, 100, 125	

Material

Total diameter up to: EOS1: 152.4 mm, EOS4: 203.2 mm

Label width: 10 - 116 mm

Label height: 6 - 1000 mm

Ribbon

Ink: outside or inside

Variable length up to: 360 m

Dimensions of the printer

Height x Depth x Width:

EOS1: 189 mm x 322 mm x 253 mm

EOS4: 245 mm x 412 mm x 264 mm

Electronics

Processor high speed: 400 MHz

RAM: 64 MB

Memory IFFS: 16 MB Flash

Battery buffer for real-time clock with printout of time and date, data storage in the event of a power cut

Interfaces:
- Serial RS232 C (Option)
- USB 2.0 Full Speed Slave for PC (Standard)
- Ethernet 10/100 Base T (Standard)
- Peripherals connection for cutter (EOS1 Option, EOS4 Standard)
- 3x USB Master for keyboard, scanner, memory stick or service key
