140CR Electronic Cash Register

Highlighted Features

Antimicrobial keyboard conforms with ISO 22196 standard

Easy time and date setup
Flashing appropriate input for time and date setting when needed.

Powerful department functions
The 140CR features 20 departments with five keys using four shifts. Popular items can be registered to a large department key for ease of use, and others to a regular-size key to categorize item registration. Removable key caps can be used to customize the description of keys.

Effortless tax programming for up to 4 tax rates

Add-in and add-on tax system makes all tax operations simple and fast.

Support for up to eight cashiers

120 PLUs

Up to 120 items can be programmed with unit prices for quick and accurate registration. Linking to a department makes it possible to categorize items sold.

Mode key

Mode key provides secure registration control.

Calculator mode

Simply turn the mode switch to "CAL" and you can use the 140CR as a calculator.

Three ways to tender payment

Payment can be made by cash, charge, or check, providing shoppers with the flexibility necessary for their individual lifestyles.

Four types of reports

Four different types of reports are available to provide information on sales: a financial report for a quick check of your sales during business hours, a periodic report for a specific period of sales, a PLU report for up to 120 items, and a general control report for departments and all other functions totalizers.

Variety of Sales Reports

General control Z (reset) report
Z (Reset) report
